# Citizen Koch

by **Carl Deal** and **Tia Lessin**

(US - 87min)

Recent politics have been triumphant for some and terrifying for others, but everybody seems to agree on one thing: something is fundamentally wrong with the system. Many believe the template for that something is the effort to purchase the democratic process that began with "Americans for Prosperity" and the controversial "Citizens United" decision of the Supreme Court. This clear and remarkably assembled documentary takes the circus-like whirlwind of events and characters and puts them into a comprehensive and lucid time frame.
