THE SPIES AMONG US

Directors/Producers: Jamie Coughlin Silverman, Gabriel Silverman

(Germany/US, 91m)

A rare look into the inner workings of a data-driven surveillance state run by one of the most feared secret police forces the world has ever known – East Germany's Stasi. A personal investigation of a Stasi victim-turned-historian takes a turn when he contacts the men who ran the system. These are the first dialogues between Stasi officers and a victim ever recorded, outlining a terrifying mosaic built of the lengths dictatorships go to maintain power, as well as the indomitable human spirit that seeks truth and self-determination.
